Process:

Step 1:

The first step in the process to commissioning artwork from Kathleen is to set up your free consultation on appointment. This can be a face-to-face meeting (preferred) or through skype or email. In your consultation we will discuss all the details of the work you would like created and begin the process for writing a contract. It will just be a simple casual conversation with no strings attached! I just want to hear about your dreams for the artwork and get to know what you like. You'll get to know me and how I work and get to ask any questions you have. I'll share the step-by-step process for you and your unique piece. I'll collect information to then send you a quote soon after our conversation. You can decide then if you'd like to move forward with commissioning a piece from me. Just email me at kathleenjoyart@gmail.com to ask about a consultation.

Step 2:

A contract will be written specifically for your commission. The signing of the completed contract along with receiving the deposit fee will be considered confirmation of your order. Until the contract is signed you have no obligation to continue with any further processes and can choose to not commission art. All other processes will be discussed in your consultation since each commission has many variables. Kathleen will make this process very simple!

Step 3:

Kathleen will send you an invoice through your email to pay the deposit and if you are choosing to collect your own materials for your artwork, you'll go on an adventure yourself and mail them to Kathleen or she will come pick them up from you (determined in your consultation).

Once she has those materials she will start the work and keep you updated. Easy Peasy! You'll have your very own piece of sacred space in no time.

Melody

Kathy's moss art sculpture is a perfect addition to my home. Her unique design using materials she finds in nature brings back many special memories of adventures in my past.

Scope of the Artist's Work:

Because of the nature of the materials, it is very 'go with the flow' when creating a botanical piece. Kathleen may give you sketches if there are certain unique elements discussed out of the typical field of her body of work, but the end result will mostly be determined once Kathleen has every material element in her hand to work with. If the client collects their own materials, she will go with the flow in creating the piece as she discovers the unique properties of each element given to her. The Artist will use her best aesthetic judgment to create the work according to the style and intent of the design.

Sara

Proficient in various forms of art, the creativity Kathy exercises in all of them is quite remarkable. When I saw this newer display of her talent in the working of moss art, I was captivated. I commissioned her to do a moss art piece for our home and was not disappointed! Each piece of her art is unique and certain to captivate one's heart and mine is doing just that.

Recognition of Unique Art Style:

Kathleen is a recognized professional artist with a unique style. When you commission a piece from her you should expect the commission to result in her unique look rather than asking her to mimic another artist. You can share inspirational images with Kathleen in the initial consultation that may have been produced by another artist. But Kathleen will always use her own style in the end result.

Deposit & Cancellation Policy: (The Fine Print)

Unless otherwise specified, a deposit of 30% of the agreed fee is required upon confirmation of order. The remaining 70% of the agreed fee will be required when the artwork is complete and before pick up or delivery.

In event of commission cancellation the initial deposit will be considered full and complete payment and is non-refundable. Kathleen Roling will retain ownership of the artwork.

Randy & Anna

We had a piece made for our son and his girlfriend for their birthdays in September, something they both would enjoy. To help out we found a beautiful stick, as soon as Kathy saw it she saw so much more. Beautifully created she called it Love Endures. Kathy gave us instructions for the care of it and was able to work within our budget. Can't wait to give it to them! We enjoyed watching the process of cutting the branch, I think people would enjoy watching you in the process of creating their pieces so personal!

Use of natural materials collected by the client:

If you want to use your own materials you collected on a special trip or from your property, Kathleen will send you a material collection guide to help you know what works well in the art pieces. And she will always be available through email or messages to answer any questions on your material collecting adventure!

Deposit & Cancellation Policy:

Unless otherwise specified, a deposit of 30% of the agreed fee is required upon confirmation of order. The remaining 70% of the agreed fee will be paid once the art is finished and before the artist delivers the artwork either by hand or by mail.

The initial deposit is non-refundable. If the client cancels, Kathleen will retain ownership of the artwork to do with as she pleases.

Sale of Artwork:

All sales are final.
